@Gottliebhospit #poortreatment My husband was admitted there on Monday from the er with severe head and abdominal pain.....today is Wednesday and I still have not spoken to a single doctor about my husbands condition!!!! This is completely unacceptable. I understand COVID is going on in the world but that's no excuse for the lack of communication with loved ones during such a scary time. I can't even get a call returned to our primary doctor to get him transferred elsewhere.I have been able to talk to a nurse but they cannot discharge or transfer. Btw My husband said the nurses have been excellent. Help!!!!

I just had surgery yesterday 4/21/2020. I stayed on the 5th floor for recovery. I just want to say that the entire staff from the OR team to housekeeping to the nurses, everyone that I came in contact with, you were FANTASTIC. You folks did a Great job and I appreciate it .

Gottlieb memorial animal hospital is the worst "hospital" in the world. When my precious grandma Santa Wanda Nida was treated there in November 2010, she was not treated right at all. Her body was full of Edema & she had Advanced Heart Failure. Her primary "doctor" meera madappallil never properly took care of her. MS. Nida was on intubation machines, she was unable to say anything. Intubation only weakened her already weak organism, her immune system. It really hurt to see grandma suffer & not be able to say anything, no final words to remember. Meera never called grandma's family to update us of her condition. Same goes for her "pulmonary doctor" maher m. najjar who also never called me or... more>>

Nice Hospital

Great ER Staff, Doctors and nurses seem to care about everyone's wellbeing. Doctors gave advice beyond medicine concerning insurance. The kind of care from nurses you can only get at a great community hospital.

Gottlieb Memorial Hosp is NOT RECOMMENDED

Recommend try another hospital, NOT Gottlieb.

Experienced conflicting reports from nurse, psychiatrist, and patient - each person's report to patient's family is different. Uneven nursing care - some great, others terrible. Doctor tells family that previous diagnoses is wrong, medications making patient more ill. Trial and error administration of meds made patient feel like a lab rat that doctor is doing testing on.

Gottlieb Eye Center worst eye doctors in area

I've been to many eye doctors and offices and I have never been so dissatisfied with this one. The staff are very rude and the manager is a complete idiot that obviously doesn't know what she is doing I highly recommend you see different eye doctors. It will save you some time headaches and definitely a lot of money.
