Warning, I consulted this "attorney" only to be threatened with arrest. He put innocent Ljupco Steriev in jail 3 times with Linda K. Hogan, just because he felt like doing it and somehow they came up with fake email IP headers claiming they were From Ljupco under cover of "Vesna," now he is reading this and hates the truth. How could those headers be from Ljupco if he never emailed CPS in the first place? Also their partner in crime was copper Thomas Cotter. They wanted to stop Ljupco who was and still is demanding his righteous grade changes but they had/have/will have another thing coming... They are the real criminals and those who dont want this honest review here are no better! Ljupco has lots of online problems now with defamation. His mugshots are everywhere even though he was proven not guilty on all bogus and idiotic charges. Judge from hell William B. Raines (NO BRAINS), prosecutors Katherine Lech Bird, Peter Guy Lisuzzo & Michael Falagario committed malicious prosecutions! Read less
