Althea Welsh is disgusting, UNFAIR individual... SHE HAS HUGE EGO, SHE NEEDS TO RETIRE IMMEDIATELY! It's pathetic how IL attorney disciplinary board only has Welsh to make final decisions... & when you want to appeal her stupidity you have to go thru her, that's like Taliban putting Taliban on trial = not guilty 100%. There was this poor man named Lupco... attorney from hell Timothy Michael Murphy screwed him by not doing what was paid for: filing lawsuit against cook county jail for overstay... encyclopediasupreme.org/timmurphyshittyattorney/ but time after time Althea Welsh refused to look into anything, she did not even give Lupco 10 days to properly reply and her paralegal Theresa just blindly follows her boss. It's impossible to have anything done with Welsh... her predecessor always accepted cases on appeals but not her. There was even internal investigation of this case. Started by Wanda from IL supreme court (she also does not care) but investigation was bothed as expected! Read less
