Let it be known to everybody and forever...

bbb & wikimedia they support = abhorrent zero stars as proven:
wikipediaia.blogspot.com !!!

EVERYTHING HAS BEEN TRIED; ONE CANT REASON WITH BBB!!!

We tried to reason with bbb.org for very long time, all to no avail... we are having huge problems with wikimedia; names of the innocent are violated all over: simple.wikipedia.org/wik... and for doing the right thing one gets blocked by wiki losers like: dannys712, vermont (chris gates) david an hayes antandrus, bsadowski1 (brian sadowski1) and founder jimbo wales simply does not care and allows his slaves to do whatever they want. ceo katherine maher and board of trustees president maria sefederi as well. wikimedia is the culture of wikipignorance and they lie they are non for profit...

[washingtonpost.com/news/...](http://washingtonpost.com/news/)

It's also ok when you are threatened with fake police reports:
simple.wikipedia.org/wik...

What strong privacy policy, wikipignorance and wikiphocrisy yes, the wikipoccut way: read its comments: twitter.com/wikimedia/st...

And some lousy better business bureau specialists/supervisors who simply dont proceed with complaints about wikimedia or on other crappy businesses are:

raquel negrete, erin mcool, kim sharp, tahira al, lori wilson
complaint specialists
bbb complaint department

bbb.org simply doesnt care about your complaints; they dont even send it to wikimedia aka forever cursed wikiscum eternal; they are being paid by wikimedia foundation to reject whatever cases they dont like, especially on privacy violations and no wikimedia does not have any privacy at all and even emails like privacy@wikimedia.org are joke as nobody replies even in most severe of privacy violation cases!!!

In other words, better business bureau is a joke, they say they will start arbitration process with a company (if it's difficult situation) but that never happens and when wikimedia scum replies, avoiding and ignoring all the problems: just ignore him/her/them; that is enough for bbb.org to close the case and say wikimedia replied and customer is not happy with a reply and

that's the end of a story and they dont even display the complaint for public (on www and otherwise) for at least 3 years as required by law.

They say wikimedia has perfect score and only 2 complaints on file? this is impossible... this is clear evidence wikimedia scum eternal paid bbb off!!!

Instead of complaining thru bbb.org, try complaining thru your state attorney's office or thru some organization that will be directly involved in neogiations with you and the other side.

TO SUM IT UP, BBB.ORG IS TOTAL JOKE JUST LIKE WIKICRAPIA AKA WIKI-PEDO-IA THEY SUPPORT THRU MONEY THEY GET FROM THEM UNDER THE TABLE!!!
