Promised to represent me in jail overstay but to no avail. Backed down, left me stranded and I never found another lawyer who worked on contingency bases. Another no good lawyer TImmothy M. Murphy also lied to me and gave me false hope. But all IL/Chicago lawyer are very cold individuals who simply want easy cases like Christopher Buchcar.
 Kugler gets angry fast, thinks he is royalty.

I wanted to give him one star. But he defended me well. Scumbags prosecutors led by Peter Guy Lisuzzo wanted to give me 20 years for "threatening a judge" from hell William B. Raines aka No-Brains where I was proven not guilty on all BS charges.

This lawyer has untraditional methods of defense but he did a good job. He hates when one calls him too often and he failed to return my phone calls on what to do with being in jail 3 months. I wanted to sue cook county jail to pay me back for my lost time but Stevo never returned my phone calls. The guy is very rude and gets pissed off really fast. But, either way, nevertheless, I thank you Steve. Have a nice life! Learn to treat people better and enjoy their voice mail~!

What a jerk!!! He may defend you well but after the job is done, like all asshole lawyers, he will forget about you. First promises to take my case, then runs away when he found out it was somewhat complex. Never returns phone calls. My mother also asked him to at least give an advice but nothing!!!

He just loves to give "free consultations" then he chooses the easy cases and tells everybody else how everything is hopeless, to forget about everything and to move on but he moves on with money in his pocket on easy to win cases.

Not bad if you want to get medication right away but otherwise gets angry over nothing. He was supposed to look into the martyrdom of Santa Wanda Nida, one of his long term patients. It was his right to refuse to look into medical malpractice but he basically told me and my mother to F OFF. Then he sent us crappy letter we never honored which said we have 1 month to continue to see him and get our stuff in order and afterwards we are to forget he ever existed. The only reason I gave him 2 stars and not one is because sometimes he did not charge us much but otherwise is a huge jerk!

I was put in jail for way too long, awaiting trial. After being proven not guilty on all charges I was released but I stayed in jail at least 3 months too long. Fioretti was supposed to take my case, all was ready but he rejected me because my charges were on "threatening the judge" and he knew judge from hell William B. Raines aka No Brains. Fioretti said he will run for judge and he can't have anything bad on his record so he refused my case and to this day I did not find good lawyer. It's all over as statues of limitations expired on March 17 of 2020, most likely before that. All went down the drain. Prime of my life spent in jail, 28 months over nothing. At least crappy cook county jail could have paid me back for overstay, 3 months, after being proven not guilty on all charges.

Steven Kozicki, now judge, wanted 3000\$ for 2 crappy cases. Misdemeanors, actually it was one, at the end of the day I paid 2000\$ but he did not defend me, he did not take me to jury trial, he just wanted to send me to psychopath ward like Elgin and I did not do anything wrong except send to many emails to the asshole Charles Guengerich, president of crappy Wilbur Wright "college." So when I went to take the test, I was given a ticket for overstay parking. Later my mother came to park the car, she got booted. We had to pay lots of money just to get the boot off and I did not go to the nut house since I was sane at the time I committed this "huge crime~!" Woe, really? It was ever thus...

IF YOU ARE BROKE & CANT AFFORD MUCH, JUST ASK HIM TO CHARGE YOU WHAT HE HAS TO PAY TO HIS SUPPLIERS; HE IS AN UNDERSTANDING MAN!

Milos is a good christian orthodox man. If you are broke, make sure to ask him to charge you what he pays his suppliers. But NEVER ask him for traditional funeral, he gets lost; after all this is cremations biz only. Caring cremations name is true. Milos will approach you in caring fashion/style. If you hug him, he will hug you back. Getting comfort is very important when going thru hard times of losing somebody close. Ask for a hug!

Pretty good prices. If you are broke just tell Milosh (the owner who is good christian orthodox man) and he will charge you what he has to pay his suppliers. Dont forget to ask him for a hug. Stay close to your family. It's important to have support system in these dark times. Never ask for traditional funeral. Milosh has no idea what that means. I had to bury some people and I recommended this service to others (hoping for good price) but every time Milosh was asked about traditional funeral he lost it. This is strictly cremation service. I dont want people to get their hopes high when they look for good price on traditional funeral here. I highly recommend traditional funeral, not only from religious perspective... Id like to visit the dead by their gravesite and have that spiritual connection. Ashes may not give you that especially when you store them at home. IM not taking away anything from Caring Cremations, IM saying, if you can afford, go for traditional funeral!!!!

Elgin Mental Health Center

Hospitals

750 S State St
Elgin, IL 60123

Instead of healing you, this crappy state run " mental health center/mental hospital" makes you more mad. IT IS HIGHLY NOT RECOMMENDED!!!

One of its employees is Candy Starr. She is 40 something blonde imbecile. She thinks she owes the world. Together with her partner in crime idiot Tom, they treat patients like absolute piece of crap. That was especially true in Lupco's case who was there for no reason and was framed by Chicago public shools very own: Linda K. Hogan, Patrick J. Rocks, Thomas Cotter (copper). When they kick you out from your room at around 6:15AM, you have to walk for about hour and a half before you are called to stay in line for breakfast. At least food is good (not always) but nothing else is good about this "health center!!!"

Candy Starr could heave released Lupco much earlier. As his case worker she kept him longer for at least few more months. That was because she did not like him. The only good thing she ever did for him was arrange for state health insurance. Elgin's nurses are very unprofessional and rude too!!! And then there are "moms." They just seat around and do nothing except monitor what patients do and how long they are on "free" telephone and you can not be more than 15 minutes or they will take away your "amazing phone privileges!!!" WOW, REALLY, NO CRAP, PLEASE DONT...

The wait to get to the hospital (usually from jail) is very long. Illinois goverment needs to open more hospitals with more professional & caring staff & doctors.
