hey, bbb is absolute garbage; every time i complained about pathetic wikimedia how lousy that occult "encyclopedia" is (as truthfully told on: [wikipediasucks.co](http://wikipediasucks.co), [encyclopediasupreme.org/...](http://encyclopediasupreme.org/)) & amazon to have my replies be made public on these pathetic institutions, they did not do anything. my last word was not allowed, even though i wrote a lot to prove my points as true and valid, i was only ignored big time, all the way to lori wilson, bbb's leadership. [bbb.org](http://bbb.org) is total joke, better business bureau is for jester's court to say the least...

These losers took photo to advertise in the yellow pages in front of the statue of john paul 2; they wanted to entice Polish customers and show off how "religious" they are, full of "integrity" but to the contrary they are total joke and I HIGHLY NOT RECOMMEND THESE PRETENDERS, TOTAL HYPOCRITES!!! When I wanted some assistance from them on defamations they were nowhere to be found, afraid of challenges!

I can't say enough of good words on Mr. Brahmski Andrzej/Andrew. He charges well below what other pathetic dentists charge. He has good character too. He is quick, articulate and to the point. He gave me and my mother reasonable discounts on all sorts of dental work since before 2010. Gave me and mother encouragement when I was wrongfully accused of crime and had to wait in jail 23 months for a trial. He bought my cream of the crop book Lubek's Threelogy and cd with my songs (he knows good artistic taste). Knows his stuff, fluent in Polish. HIGHLY RECOMMENDED TO SAY THE LEAST!!!

Warning, stay as far away from them as possible. I was in jail for 25 months, waiting for trial with BS half a million dollar bond for false charge of threatening stupid jerk judge from hell william b. raines (no brains public official); on january 16 2018 in skokie, il, usa, i was proven not guilty on all ten idiotic felony charges, yet the cook county jail wanted to keep me another year before I made them see their intentional mistake is too obvious. I have at least 61 days spent in jail over the limit, that is wrongful detention. I tried to explain them how me and my family seek justice and vindication, I wanted to pay all their court costs but nothing, every member of loevy and loevy refused to listen to reason and they dumped me like garbage to say the least!!! :(

HIGHLY NOT RECOMMENDED, RUDE TOO!!!

Stay away from them; they are using poor immigrants to profit. Those immigrants know no us laws. Also, they do not know how to keep their word. I was supposed to see them. I have urgent life problems. They knew about it very well, they chose to cancel it in the last second.

HIGHLY NOT RECOMMENDED!!!

Barbara Vrettos is manager; she is insane little woman; she loves to close accounts of people who just raise their voices a little bit. Actually, she closes accounts of people who have nothing to do with those who "offend" her. They are just guilty by association, by being on the account. She thinks she is the queen of whole white world and then some... but this is sorry ass pattern how us banks/us bank corp hires its crappy employees, directly from the street just to save money on training. Wow, it is ever thus...

Privacy goes out the window with this company. They give you free month of service just to brag about it and use your personal info all over internet where damage becomes irreversible and they dont care! This is especially true for their representative Christopher Gates aka Vermont!!!

This guy needs a shrink himself, gets very angry; got convicted, has 3 years probation, had to pay 100 000\$ to avoid slammer, was giving fake diagnosis for those who wanted to pass all sorts of tests on all sorts of government levels!

Very rude, when I told him to do jury trial, he said I did not pay for it but I told him IM paying you either for jurly trial or bench trial. He played stupid as if I never told him that. So many lawyers are like him only interested in solid, easy cases and easy money and have sky high attitude!!!
