

JavaHurricane

javaHurricane (IRL [Powerword](#) JavaHurricane) was a 20-year-old high school drop out from WIKIMEDIA FOUNDATION DUNGEON OF CHILD MOLESTATION, who, like Bongwarrior, spent all day reverting vandalism and smoking pot instead of getting a job. JAVAHURRICANE, JUST LIKE ANTANDRUS IS REGISTERD CHILD SEX OFFENDER. HE IS wikipoholic [wikipedo](#), GREATEST EVER [pedophile](#). IN OTHER WORDS: HE IS PLAIN SICK OLD PERVERT!!!

His extreme obsessive compulsive behaviors are what truly distinguish himself from other wanna be shitty stewards. These include:

- Being antandrus david's 24/7 fuck buddy!!!
- Never sleeping, seriously he never gets off.
- Stalking edits on [non-Wikimedia wikis](#).
- Extreme recent changes patrol on **ALL WIKIS** (even the ones nobody edits anyway).

He has also been known as a major [lolcow](#), as he attempts to negotiate with long term [vandals](#) in every way possible. He has gone as far as to [spend days tracking down potential sockpuppets](#) of well known vandals. It should be noted that he has never made any meaningful contributions, rather his account (which has been active since 2004) has done nothing but revert vandalism and fix spelling errors.

A previous version of Java's userpage, before he was informed on how creepy this wikishit was!!!
