In my first book, my hero Rocky Marciano & classic boxing are discussed. Me & my grandma Ms. Wanda Nida gave the original idea to create Rocky statue in Brockton. IT WAS NOT WBC/ NO GOOD SULAIMAN FAMILY'S IDEA! In this book you will find out lots of information on Rocky you never knew or heard before. Special attention is given to Rocky's exhibitions in Asia (especially Japan to entertain the troops) & Rio de Janeiro, Brasil. Archie Moore was not the last fighter Rocky faced in the ring in front of the audience because it happened in Rio. Also lots of information on Superfight Rocky had with Ali. Discover Rocky's business ventures, his life during & after boxing. Find out why Bob Baker was supposed to be Rocky's final opponent & so much, much, much more. Bookmark:

In history of reproducing piano rolls I talk about different companies that made piano rolls & reproducing piano rolls at the turn of 20th century. I cover companies such as Duo-Art, Welte-Mignon, Ampico A & B and many others. I cover story of Vorsetzer, a machine with wooden fingers that played the piano, reproducing the sounds of great masters like Paderewski, Saint-Saens, Hofmann & many, many others. Even if they are no longer with us their spirit lives on in these reproducing piano rolls played by their ghosts. Genius never dies my grandma said in Latin: "Dignum laude virum, Musa vetat mori" Goddess Musa does not allow noble & what's or who is immortal to die. Find out about technical aspects of Vorsetzers, Piano-Players, Player-Pianos. It's not the same. Music is art, research this kind of music more in depth. CHECK OUT THESE VERY INTERESTING STORIES & ADVENTURES, YOU WILL NOT BE DISAPPOINTED!!!

About the Author

My name is MR. Jan Lubek. By trade I am a dental technician. My hobbies are chess & music. In this book my goal is to reverse death certificate of both Paul Bern & George Reeves from suicide to death by gunshot, reasons unknown. To erase suicide stigma. That's the only thing we the fans can do for these two people. Even if witnesses & suspects were alive today, there is not enough evidence to convict anybody of murder. I'm also the inventor of 0000 castle & 468 lotterey in chess. King goes to B square, Rook goes to C square. Play this castle, it improves stability & safety of the King on the Queen's side much faster. It's a revolutionary idea. Tell others, bookmark: encyclopediasupreme.org/0000.txt Between 1996 & 98 when I was 18 to 20, I recorded over 500 songs in professional studio, lots of rock n roll, ballads, retros, piano & organ solos, etc... Some are in a few different languages.
