Paderewski and the Pianola.

Private car "Kiva," en route to San Francisco, March 24th, 1900.—The Æolian Company, New York—Gentlemen: As an admirer of the "Æolian," the wonderful merits of which I have attested to in a former letter to you, I have now much pleasure in adding my tribute to your latest invention, the "Pianola," which I consider still more ingenious. It is astonishing to see this little device at work executing the masterpieces of pianoforte literature with a dexterity, clearness, and velocity which no player, however great, can approach. Every one who wishes to hear absolutely faultless, free of any kind of nervousness, piano playing should buy your "Pianola." It is perfection.

Wishing you well deserved success, I am,
yours very truly, I. F. PADEREWSKI

Pianolas are exhibited daily from 9 a. m. till 6 p. m. at Lyon & Healy's, Wabash-av. and Adams-st. You are cordially invited to hear them.
